Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Tuesday 20 Apr 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cloudy and damp overnight, dry and sunny on Wednesday.

This Evening and Tonight:
Some sunny spells to start the evening in southern areas, but rather cloudy and damp in the north. The cloudy and damp conditions spreading southwards, clearing later to give dry, clear and colder conditions, perhaps frosty in the north. Minimum temperature 0 deg C (32 deg F).

Wednesday:
A fine day. Staying dry throughout with lengthy sunny spells and light winds. Feeling colder than Tuesday, especially near coasts, but this will be offset somewhat by the warm sunshine. Maximum temperature 10 deg C (50 deg F).

Outlook for Thursday to Saturday:
Dry with variable cloud cover and light winds throughout. Cold overnight with frosts, although it willl feel warm in sunny spells by day. Some brief early fog patches are possible.
